

WITTNER®

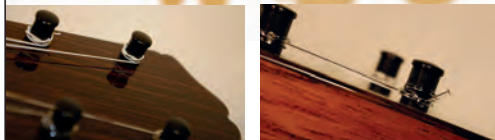

FINETUNE-PEG

Made in Germany
PATENT

FOR

FLAMENCO GUITARS

THE EASY WAY TO TUNE YOUR INSTRUMENT !

- ☺ Very easy, quick, effortless and very precise tuning (transmission ratio of 8,5 : 1)
- ☺ The tapered peg is put in place without glue by simply pressing it into the pegbox
- ☺ The Peg can be used on the right and on the left side. Therefore only 1 model for both sides
- ☺ To tune the instrument simply turn the head of the Finetune-Peg in the desired direction
- ☺ Self-inhibiting transmission inside the peg
- ☺ Peg made of "high-tech" composite material and light alloy
- ☺ No influence of climate and humidity ☺ Traditional design
- ☺ No wear on peg and peghole ☺ Protection of natural resources

Useful tool:
Peg Winder

Installation diameter

Installation diameter:

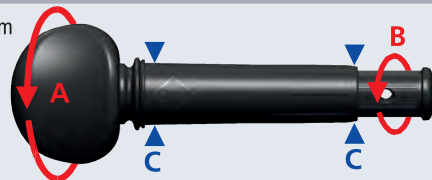

9,5 mm/0.37"

Length: 72,5 mm/2.85"

Taper: 1:30

Moving Parts: Only the head **A** and the knurled bottom part of the shaft **B** rotate when the string is tuned.

Non Moving Part: The smooth part of the shaft **C** is set firmly into the pegbox. It doesn't rotate when tuning the string.
