

# WITTNER®

# FINETUNE-PEG

The **RED VIOLIN**  
of *Stradivarius*

meets **WITTNER - FINETUNE - PEGS**

“ I am delighted  
by the opportunity  
to express to you  
and your company  
how incredibly pleased  
I am with your  
product. ”

Germany

**Wittner®**

Since 1895

**Very easy, quick, effortless and precise tuning**

(transmission ratio of 8,5 : 1 compared to an ordinary peg)

**The tapered peg is put in place without glue**

by simply pressing it into the pegbox just like any ordinary peg

**No wear on peg and peghole**

No effort for peg and peghole maintenance

**Self-inhibiting transmission inside the peg**

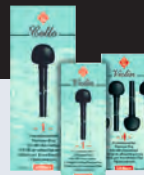

The string can not lose tension. No more slipping pegs

**To tune the instrument simply turn the head  
of the Finetune-Peg in the desired direction**

The peg needs not/must not be loosened or tightened

**Peg made of "high-tech" composite material and light alloy**

No influence of climate and humidity. Measurements, color and quality are constant

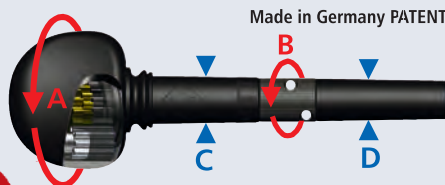

Available for:  
**VIOLIN 4/4-1/4**  
**VIOLA all sizes**  
**CELLO 4/4-1/4**

Useful tool:  
**Peg Winder**  
for **VIOLIN**  
and **CELLO**

**Moving Parts:** Only the head **A** and the knurled middle section of the shaft **B** rotate when the string is tuned.

**Non Moving Parts:** The smooth parts of the shaft **C** and **D** are set firmly into the pegbox. They don't rotate when tuning the string.
